

VisionLink's 2008 Conference

March 6 & 7, 2008

Join Us!

As you know, unprecedented advances are being released now for Tapestry. Join other Tapestry users from across the nation to learn about and leverage your investment in the premier community resource management system.

We will focus on major upgrades, provide you with training materials to take back home and support your users, and share best practices from across the nation. The evaluations were extraordinarily positive last year; let's do it again! For best results, "bring a team!"

You'll Learn How To...

- Use Tapestry as a Management Tool
- Improve Quality of Data & Service Delivery
- Engage Multi-Agency Stakeholders
- Determine & Use Performance Measures
