

Our Community of Practice sessions continue to grow in the numbers who participate, and in the variety of customer perspectives that are shared. We are excited to continue these sessions, and have designed a November line-up based on your requests and comments.

Please join us for two Community of Practice sessions in November. Check out the schedule below and rsvp to hriivnak@visionlink.org to reserve your space (note: sessions are limited to **existing** customers and appropriate staff). Once registration is closed, you will receive a confirmation email with corresponding dial-in and WebEx log-in access codes as appropriate for your session.

Make sure to register for these November sessions and mark them on your calendar!

November Community of Practice Schedule

Session	Description	Date/Time
Feature Review: User Permissions	<p>Join us for a demonstration of the new User Permission Module that will allow for user access by portal and to allow user permission administration by agency and portal.</p> <p>Here's a quick list of the package:</p> <ul style="list-style-type: none"> - single sign on (allows users to traverse portals) - user permission by portal - user group auditing - new user admin / updated multi user admin - allowing user admin by agency and portal - users deleted column <p>Join us for a WebEx demonstration of this enhancement that is will be available in your CommunityOS by the demo.</p> <p>Presenter: Doug Zimmerman, President & CEO, VisionLink.</p>	<p>November 13 @</p> <p>3 Eastern</p> <p>2 Central</p> <p>1 Mountain</p> <p>12 Pacific</p>
Design Studio: Dashboard Reports	<p>Dashboard Reports are built around the Form Builder client data, and upcoming upgrades for HMIS will include data sets for HMIS as well. Dashboard information is currently focused on resources, referrals, provided services, met and unmet needs, and client data sets. We have no doubt that you and others have recommendations for additional data sets, and we are ready to hear your thoughts, ideas, needs.</p> <p>Join us for a WebEx Design Studio that focuses on "Dashboard Reports" enhancements to CommunityOS.</p> <p>Presenters: Doug Zimmerman, President & CEO, VisionLink; and Kyle Kuczun, CTO, VisionLink.</p>	<p>November 20 @</p> <p>3 Eastern</p> <p>2 Central</p> <p>1 Mountain</p> <p>12 Pacific</p>
